**SECTION VI – Health Hazard Data**

|  |             |                  |                 |
|--|-------------|------------------|-----------------|
| Route (s) of Entry:  | Inhalation? | Skin?            | Ingestion?      |
|  | Yes         | No               | No              |
| Health Hazards (Acute and Chronic)   |             |                  |                 |
| Acute: irritation of mucous membranes  |             |                  |                 |
| None   |             |                  |                 |
| Carcinogenicity:   | NTP?        | IARC Monographs? | OSHA Regulated? |
| N/A  | N/A         | N/A              | N/A             |
| Signs and Symptoms of Exposure Irritation of eyes, nose , cough.   |             |                  |                 |
| Medical Conditions   |             |                  |                 |
| Generally Aggravated by Exposure None  |             |                  |                 |
| Emergency and First Aid Procedures Supply fresh air if inhaled. Wash with soap and water and rinse thoroughly if contact with skin. Do not use solvents or thinners. Rinse eyes for several minutes Under running water. Then consult a doctor. If swallowed, drink plenty of water and provide fresh air. Do not induce vomiting. Consult a doctor. |             |                  |                 |

**SECTION VII – Precautions for Safe Handling and Use**

|   |                      |  |                |
|---|----------------------|--|----------------|
| Steps to Be Taken in Case Material is Released or Spilled   |                      |  |                |
| None  |                      |  |                |
| Waste Disposal Method   |                      |  |                |
| Allow left over plaster to dry or thicken and dispose with site waste. In accordance with local regulations. Materials should not be emptied in drains. |                      |  |                |
| Precautions to Be Taken in Handling and Storing   |                      |  |                |
| Store in dry conditions. Store remains in original containers. Ensure good ventilation and exhaustion in the workplace.                                 |                      |  |                |
| Other Precautions   |                      |  |                |
| None  |                      |  |                |
| <b>SECTION VIII – Control Measures</b>  |                      |  |                |
| Respiratory Protection ( <i>Specify Type</i> )  |                      |  |                |
| Normal dust masks.  |                      |  |                |
| Ventilation Exhaust fans may be necessary, when mixing in enclosed areas.   |                      |  |                |
| Protective Gloves<br><b>Not necessary.</b>  | Mechanical (General) |  | Other          |
|   | None                 |  |                |
| Other Protective Clothing or Equipment  | Eye Protection       |  | Other          |
|   | Optional             |  | Safety glasses |
| Work/Hygienic Practices   |                      |  |                |
| Minimize dust when mixing.  |                      |  |                |
| Work/Hygienic Practices   |                      |  |                |
